

HELLO! We are A Step Ahead Early Learning Centre! We are a centre caring for up to 49 children 0- school age and we are located at 147 Walter road east in Bassendean. We are proudly owned by Affinity Education Group and through our fully qualified early childhood educators and bachelor qualified early childhood teacher and our chef we provide quality care, 5 nutritious meals and an EYLF supportive quality program to our children 5 days a week and all year 'round. Come and stop in and say hi!

Here at a step ahead early learning centre in October we have been exploring the magic of recycling! The children have thoroughly been enjoying discovering the fun behind recycled and every-day objects! Another huge focus has been sensory experiences with the children having fun exploring things such as shaving foam and playdough. And as always the children have also partaken in free art activities as we believe this is one of the greatest ways for children to express themselves. In the month of November we are going to be focusing on gardening, sustainability and our worm farms!!

The Chefs Toolbox

At a step ahead early learning are very community based. We love supporting our fellow community members in the town of Bassendean and surrounds so we have decided to start this news letter to both let the community know what's happening in our lovely centre and also take the opportunity to support and promote local businesses! We have featured some local businesses in this issue which will be displayed locally as well as sent out to all our current parents and families!

Thanks very much for taking the time to read our news-letter! We here
